

### Why SparkLED?

Commercial Grade Quality as used in Theme Parks and Public Spaces across the U.S.

### Why go LED?

1. Cost Savings
2. Long Lifespan
3. Energy Efficient
4. Cool to the Touch
5. Eco-Friendly
6. Low Maintenance

### Lighting Options:

#### AC powered Light Strands:

- In line rectifier converts AC to DC to maintain consistent color without flickering. Re-converts back to AC before connecting to the next strand.
- Can connect up to 90 Sets end to end
- If one bulb goes out, the rest of the strand stays lit
- 3 Year Warranty
- Retail Tray for easy display & selling
- Only uses 2.4 watts per set

#### Battery Operated Ultra-thin wire LED lights:

- Comes in 3 options: 18 LED's, 36 LED's and 72 LED's
